

Student participation for the 24th Congress & General Assembly of the IUCr

The 24th Congress and General Assembly of International Union of Crystallography is going to take place in Hyderabad during 21-28 Aug 2017. Commission on Electron Cryallography is collaborating with the EMSI to **select Indian students (or post docs) aged 35 years or younger are eligible to apply** with institutional photo Id and /or authorization letter from the respective supervisor). The area of work can be **structure analysis in physical or biological sciences**. CryoEM or structural biology candidates are also invited to submit abstract (within deadline) & apply for the sponsorship to attend IUCr Congress from EMSI.

This IUCr Congress is happening first time in India and those working in the area of electron diffraction and related crystallography in materials science and bio / cryo-microscopy, can submit **abstract (<http://www.iucr2017.org/abstracts/>) and if accepted, the registration fee and accommodation for the 5 day Congress, can be supported by EMSI**, which amounts to around Rs 35,000/- per head..

The abstract submission deadline at the IUCr Congress is **28th Feb 2017**. All the aspirants are required to submit the abstract and **simultaneously write to Dr Partha Ghosal (dr.parthaghosal@gmail.com)** for the EMSI sponsorship of the registration and accommodation with following details.

✓ Your EMSI Life Membership Number (if not, apply @ <http://emsi.org.in/membership.php>)

✓ Copy of your college/ Institution ID Card

✓ Age proof

Plenary Lectures

✓ Your Abstract and registration details

✓ Proof of acceptance of the Abstract (Email copy can be sent)

Once, the abstract is accepted, an empowered committee of the **EMSI** shall evaluate and **sponsor full registration fees and accomodation for selected students**, Kindly note that there will be no extension of dates.

The students are also encouraged to plan to attend exclusive Satellite workshop on Electron Diffraction at Ramoji Film City, Hyderabad prior to Main event and encouraged to also apply for it (<http://www.iucr17edsat.com/>) during 19-20 Aug 2017. The registration fee of this event has been kept low keeping in mind large participation from students. More details can be obtained from ***Dr Partha Ghosal***, Convener of the Workshop.

The EMSI appeals to its senior members to encourage their students to submit abstract (<http://www.iucr2017.org/>) and apply for the EMSI financial support.
